

# AggieAir Begin the 2017 Flight Season | AggieAir

**07/14/2017**

Alfonso, Ian, and Mimar enjoying sunny CA

The AggieAir team kicks off a busy 2017 in Sunny California by placing strategically placed targets across the Gallo Family vineyards. These targets are crucial to georectify UAV imagery.

While the season starts in California, AggieAir is expected to fly several missions all across Utah, California, and Wyoming. We're looking forward to another successful season in the field!
